**WORK
EXPERIENCE**

01/03/2017–now

Frontend developer***Bettzeit GmbH, Frankfurt, Germany***

Currently I am working as Magento frontend developer in Bettzeit GmbH in Frankfurt. We are working on several Magento web shops in a startup environment. Development team counts 6 members.

01/09/2015–01/11/2016

Frontend developer***Tripodo GmbH, Munchen, Germany***

For a year I have worked as a full time frontend developer for company in Munich, Germany.

Two large projects we were working on are www.tripodo.de and www.verivox.de/auto

Both of the sites are large MVC applications with both user and admin interfaces. I was receiving PSD designs and converted them into fully functional responsive layouts. My job also sometimes was testing and it was performed on Browserstack.

My tech stack:

HTML5, CSS3 (Less and Sass), Bootstrap v2.X and v3.X, Javascript(Jquery, Google maps JS API, Slick.js), Ajax, PHP(Codeigniter), Git and Mercurial, SourceTree App,

Slack, Google Docs, Invision, Moqups.com, Sublime, Koala

I was working remotely inside international team of developers, we were all working full time from our homes.

22/11/2011–01/10/2015

Web developer

Infomint - Informatički obrt, Županja, Croatia

For the 4 years I have been working as freelance self-employed web developer. I was in charge of finding clients, doing project organization, design, and coding. Backend programming tasks I was outsourcing to couple of friends PHP developers.

We were building custom web applications (Laravel and Codeigniter framework), web shops (Magento, Wocommerce), and CMS websites (Wordpress).

My tech stack:

HTML5, CSS3, Bootstrap v2.x, JS(Jquery), PHP (Laravel, Codeigniter, WP and Magento templates), XML, Photoshop, Illustrator, Cpanel, Ftp, WHM, phpMyadmin, Notepad++

We have been working on transparent, goal oriented, client centric projects.

01/04/2009–01/09/2011

IT sales lead

Stromboli d.o.o., Zagreb (Croatia)

I have started as sales person, making phone calls, meetings and presentations. After I have moved to sales lead position, and I have worked with other sales representatives.

In the end I was in charge also for project management on part of the projects. Stromboli was small company with 10 employees.

Programming, web development, and server / network services is what company was doing. We had some big clients like Regent Esplanade, Nokia, and Siemens.

01/06/2008–01/12/2008

Waiter

Kaufland, Osijek (Croatia)

Waiter in local bar; administration of the books, receiving drinks and sorting them, serving drinks, cleaning the bar.

Prior to this job, for two years, I was working on several small jobs like phone sales (Valicon d.o.o), and in storehouse (Kaufland).

EDUCATION AND TRAINING

01/10/2001–01/07/2005 Gymnasium, Zupanja (Croatia)

01/09/2005–01/06/2007 I have been studying social work for year and a half.

Most of the web development related education I have done by myself over the internet.

I read regularly articles on sites like; Stack overflow, CSS tricks, Smashing magazine and other.

I am taking online video courses on Coursera and on Udacity.com

PERSONAL SKILLS

Mother tongue(s) Croatian

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C2	C2	C2	C2	C1
German	B1	A2	A2	A2	A1

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user

Common European Framework of Reference for Languages

Communication skills

- business communication and business norms
- terminology and communication in IT industry, especially web development

Job-related skills **Coding**

I can code complex layouts, adjusted for all major resolutions.

Example templates I have coded:

<http://www.verivox.de/auto/>

http://www.verivox.de/auto/advanced_search/

<http://www.tripodo.de/reiseanfrage/deutschland/>

Design

My strongest design skill is making **design for web**.

I am good in Photoshop, I can use Illustrator, and I know how to create simple videos in After Effects and Premiere.

I have designed websites, web applications, banners, social media covers, logos, business cards, brochures, and templates for video presentations.

My tech stack:

Languages	HTML5, CSS3, Less, Sass, Javascript, XML, PHTML
Frameworks	Bootstrap, Fondation, JQuery, Meteor.js
